## Dear Supporters

Here are six projects that would particularly benefit from your support this year. I look forward to hearing from you and thank you in anticipation. Please tick as many as you like!

With very best wishes

Andy Geddes - Secretary

### FANO - CAT OASIS

Cristina and her volunteers have cared for cats in Fano's colonies for many years. She built an Oasis in the countryside where they provide shelter for 45 cats. As part of her maintenance programme, she wants to replace two rotten cat houses with a new large one with an adjoining covered area for food and water. She would be most grateful for your help.

### PALERMO (SICILY) - EDIGA - CATS

Franco Lannino manages the only cat sanctuary in Sicily and looks after over 100 cats. Franco is now looking to have his centuries old 90 citrus fruit trees professionally pruned. The trees offer valuable shade to the cats in the summer and help make Ediga such a beautiful environment for our feline friends. He would be most grateful for your support.

### COSENZA - GLI INVISIBILI - DOG PROJECT

Invisibili ODV was founded in 2016. The organisation does not operate any facility but invests all resources in the rehoming of dogs who would otherwise end up in the municipal pound (and would most certainly never be adopted). Their main aim is to make the 'invisible' dogs within the municipal kennel 'visible' so that they can find a suitable home and not be confined to a pen for the remainder of their lives. Your support would be most appreciated.

### ROME - TORRE ARGENTINA - CAT SANCTUARY

AISPA has supported this renowned cat sanctuary in the city centre of Rome for 30 years. As ever the team provides care for the cats that live within the archaeological site and spay and neuter funding is provided to cat colonies around the eternal city. Please help us to support their on-going work in the Italian capital.

### TRIESTE - IL GATTILE - CAT SANCTUARY

Il Gattile is a cat rescue organisation who both manage a facility in the city centre of Trieste and a cat oasis on the outskirts of the city. The area dedicated to FELV only cats needs renovating as it is difficult to maintain comfortable temperatures for the cats. This will involve re-lining the internal walls to create better thermal insulation and lowering the height of the ceiling to improve heat retention. Please help this very worthy improvement.

### LIPU - BIRDS

David Lingard runs the UK branch of LIPU - Lega Italiana Protezione Uccelli. They are the Italian equivalent of our RSPB and are the leading nature conservation organisation in Italy. LIPU has been busy with the search for and protection of the nesting of a small population of Montagu Harrier that survives in Capitanata, the only one in all of central-southern Italy south of Viterbo, which is also protected by LIPU. An onerous commitment, with hundreds of hours of volunteer work in the field to search for pairs and nests, and actions to protect them from harvesting and other factors. Please do support this valuable work.
